BOOK SYNOPSIS

In this third book, by far the longest installment of the series so far, the reader is also introduced to the history and mysticism of The Romish Book of the Dead, a sexually avant-garde “little forest man” (who becomes the fifth member of the crew), Steve’s newly discovered “battle warping” abilities (which Millennium Boy dismisses as being a mere “kundalini spasm”), weapons and armor upgrades and a whole new level of bizarre comedy, rousing adventure and ass-kicking action — all staged in front of fantastic backdrops replete with strange vegetation, ancient ruins and steampunk imagery.
