BOOK SYNOPSIS

Farming is a complex job with many unique challenges, but can also be a rich and rewarding career that is full of opportunities. Following the authors Farm Business Management series, this new textbook takes the core principles and techniques and distils them into an accessible student resource. Written by an expert with decades of teaching and research experience around the world, this book also incorporates two brand new chapters on farm accounting and computer systems and software. Providing a hands-on learning experience for students of agriculture, it will continue to be a much-used resource throughout their farming career.
