BOOK SYNOPSIS

From acclaimed author Anna Schmidt comes a sweeping historical Western romance about the unbreakable bonds of family, second chances, and a whole lot of heart in the Wild West. "I barely know you, and yet theres something about you that I trust. But why?" "You know me, Maria. Im the guy trouble follows. Best if you keep your distance." She ran the backs of her fingers along the line of his jaw. "And what if I dont want to keep my distance?" Her voice was barely a whisper. "Fair warning," he murmured, and pulled her close. Caught between a greedy corporation and a desperate love of the land, Maria Porterfield barely has time to mourn her fathers death. If her family is to survive, itll be up to her to take charge-but she cant do it alone. When a mysterious drifter rides into town, the handsome cowboy seems like an answer to her prayers. But Chet isnt interested in settling down, no matter how tempting the offer... Chet made his way West looking for a fresh start-the last thing he wants is to get involved in someone elses fight. But something about Maria awakens a powerful need to protect the fierce beauty at all costs. He never thought hed find love, but as danger presses in, he may find theres more beyond the next horizon than just another long and dusty trail. "A feisty heroine and a hero eager to make everything right. What more could a reader want?"-Leigh Greenwood, USA Today bestselling author of To Love and to Cherish
