BOOK SYNOPSIS

Merrick Ta'Duran knows he must do what is right for his people - even if it means traveling to a strange, alien realm to do it. Addie Banks' world has been one of silence since a devastating illness when she was sixteen. Her life unexpectedly changes when she stumbles across something she wasn't supposed to see while at work. Now, she hears a voice in her head - and it is driving her crazy. Her only hope for peace is to help the creature talking to her escape from the men holding him. Merrick knows the female who helps him is his bond mate. She may deny it. She may fight it. She may even try to run from it, but it won't matter. She is his and he will do everything he can to convince her, hold her, even kidnap her if that is what it takes to make her realize that they belong together. Will Addie hear the love and longing in Merrick's voice? Can she trust and accept the new life he has to offer? Or, will a ruthless killer silence him before she gets a chance?
