BOOK SYNOPSIS

SoulCollage® is an accessible collage process with practical applications. Its easy to learn and inexpensive. Best of all, it inspires individual creativity and encourages good communication in families and groups. Founder Seena B. Frosts first book ignited a worldwide interest in SoulCollage®, which invites anyone to be creative and undertake an adventure of self discovery. All you need is a good pair of scissors, pre-cut mat board cards, images you can find anywhere, and glue! After you have made some cards, you can consult them, ask important life questions and let your cards speak your own intuitive wisdom back to you. Seenas new book replaces her first book, SoulCollage®, which was a finalist for the Nautilus 2002 Book Awards for titles that contribute significantly to conscious living and positive social change. SoulCollage® has evolved into an international community of Facilitators and SoulCollagers enjoying and sharing this simple, yet profound process. SoulCollage® Evolving gives the basic instructions for how to make and do readings with SoulCollage® cards, and describes how individuals and groups are using this process with different age groups and in many socioeconomic, cultural, and religious contexts to discover their wisdom and change their world.
